The present day education has only a means of livelihood as its aim. It is job-oriented, not truth-oriented, not God-oriented. Life must be lived in love, peace and bliss. Therefore, even while in schools and colleges, boys and girls must know about the ever peaceful, ever blissful, ever loving Eternal Soul (*Atma*). The body, the senses, the mind, the reason and intellect are all unreal in the sense of temporary existence. Raising the standard of living is not as important as raising the level of consciousness. Education today highlights accumulation of things. Indeed, giving up is equally essential. Renunciation is not a loss; it is highly profitable, because you acquire joy thereby. Renunciation means freedom; it is surrender to God, love and freedom. God can be realised only through the expansion of Love. Students and youth must lead lives anchored in righteousness and wisdom, and be shining examples of simplicity, humility and mutual service.

- Divine Discourse, Feb 8, 1987.
