You are unnecessarily struggling and planning several schemes, thinking about them day and night. In spite of all your struggles, what has to go out of your hands will go. Divinity in all the human beings is one and the same. The body is like a water bubble. The mind is like a mad monkey. If you follow this mad monkey, you will get into trouble. In the same manner, if you believe in the body, you do not know when this body, which is like a water bubble, will burst. Nothing is permanent. Only the Divine Self (*Atma*) is eternal and immortal. 'I', 'Self', 'God' are all different names by which God, the *Atmaswarupa* is called. God incarnated as Rama, Krishna and the like, and underwent several difficulties to demonstrate great ideals. Finally, every one of them left their mortal coil. The physical bodies of the *Avatars* undergo changes, but the Divine Soul (*Atma*) in their bodies remains the same. It is omnipresent, eternal, changeless and transcends time.
