Embodiments of Divine Love! Cultivate the Love Principle and manifest love in all your thoughts, words and actions, to experience bliss. When you are filled with Divine Love, all pains and troubles will be forgotten. It is to propagate this principle of Divine Love that avatars take place from time to time. The principle of selfless love is the essence of *Krishna Tattva* (the Krishna Principle). Although God dwells in every person, it remains latent like oil within the gingelly seed. To manifest the Divine within you, you must undergo trials and ordeals. Love for God should grow as a result of such experiences of adversity. Just as gold improves in brilliance the more it is heated in the crucible, your devotion also must undergo a constant purificatory process. Cultivate good company (*Satsang*), the company of persons filled with Divine Love. Use that Satsang to get rid of your animal instincts and progress from the human to the Divine.
